Chamod Nisal

Full Stack Developer – Intern

chamodnisal2002@gmail.com | +94 70 216 8247 | Tangalle, Sri Lanka | LinkedIn | GitHub

PROFESSIONAL SUMMARY

Motivated Information Technology undergraduate at the Institute of Technology, University of Moratuwa, with hands-on experience building responsive React front ends and full-stack applications backed by relational databases. Creative problem solver with a strong passion for learning new technologies, seeking an internship to apply and grow my technical and teamwork skills through practical industry experience.

EDUCATION

Information Technology — Homagama, Sri Lanka
Institute of Technology, University of Moratuwa — Jan 2025 – Present

Advanced Level – Physical Science | Ordinary Level — Tangalle, Sri Lanka
H/Tangalle Boys' National School — 2013 – 2022

TECHNICAL SKILLS

Frontend	HTML, CSS, JavaScript, React.js
Backend	PHP
Design	UI/UX Design (Figma)
Database	MySQL
Version Control	Git, GitHub
Programming	Python, Java, PHP

PROJECTS

Sentinel Care – Smart Medical Hand Band System

- Developed a responsive React web application enabling caregivers to monitor and manage patients.
- Built patient management, health monitoring, medication, insights and settings interfaces with patient-specific dashboards and reusable components.
- Architected the application for future Firebase real-time integration with IoT health data, including heart rate, SpO_2, temperature, activity, device status and health alerts.

Student Event Management System

- Built a full-stack event platform in PHP and MySQL where students register for events and admins manage them.
- Implemented hashed-password login, sessions and role-based access control for student and admin users.
- Designed a relational MySQL schema and used PDO prepared statements to prevent SQL injection.
- Added event capacity limits, duplicate-registration prevention, an admin registrations view and JavaScript form validation.

Financial Manager

- Developed a full-stack personal finance management application with secure user authentication.
- Implemented transaction and account CRUD operations, budget tracking, notifications and an interactive financial dashboard.
- Designed a relational MySQL database and applied user-level authorization to ensure secure data management.

CERTIFICATIONS

AI/ML Engineer – Stage 1 – Centre for Open and Distance Education, Faculty of Computing, SLIIT
Python for Beginners – Centre for Open & Distance Learning (CODL), University of Moratuwa
Conducted by the Department of Computer Science & Engineering, Faculty of Engineering.

LANGUAGES

Sinhala, English
